Summer 2017

Ribbon Cutting Ceremony at Cary Services DFW

On April 27th, Cary Services, with the help of The Northeast Tarrant Chamber of Commerce, celebrated the opening of Cary Services' new DFW location at 1511 Central Park Drive in Hurst, Texas.

Cary Services' President Mark Cary officially cuts the ribbon at Cary Services' new DFW location on Central Park Drive.

Cary Services Offers Energy Management and Automation Services

Knowing how your business uses energy and how it can improve its usage of energy provides many benefits. Studies show that companies with energy management programs achieve far greater savings because they can easily review and manage their energy use in real time. These savings go right back into your bottom line, which can free up capital for other uses.

Cary Services has recently devoted considerable time and money in education for our employees to become certified using JACE (Java Application Control Engine) equipment and energy management tools—Java-based controllers, servers, software applications and tools—that are powered by the Niagara Framework, an open platform that connects and translates data from nearly any device or system.

Cary Services offers custom system design and installation, integration of disparate automation systems, system support and maintenance, and emergency repair. Plus, we service all major building automation and energy management systems. JACE has the added benefit of tying in your security systems as well.

Our expert technicians know how to optimize your automation system to help you operate your building more reliably and cost effectively. Contact us today to learn more about our energy management services and how we can help you save money.

Pack A Bag For Creativity

When you need a little creativity boost, grab a bag of inspiration—literally. Pack a bag as if you were going on a mini-retreat, then head to a local café or someplace other than your desk for some creativity time at least once a week. Here's a list of items to include:

Books. Bring something fun to read, something you find inspiring or relaxing.

Magazines. Choose your favorites to browse for new ideas.

A journal. Bring whatever inspires you to write. Anything from a fancy leather-bound journal to your laptop or tablet—whatever you're most comfortable with.

Paper, pens, and markers in various colors. You don't have to be an artist. The idea is to bring whatever inspires you to doodle and have fun.

A list of topics to get you going. Don't limit yourself to workplace issues. Pick a few general concepts, like time, coincidences, forgiveness, or the like—whatever is meaningful to you.

Why Biometric Security Makes Some People Nervous

Technologies that can read your fingerprint or handprint, recognize your voice, or scan your retina are becoming more reliable, but many of us don't trust them. As reported on the *Digital Trends* website, a study of more than 1,000 Americans over 18 found that 58% prefer standard written passwords to biometric security measures for their smart phones and other devices.

The reasons? Among the survey respondents, 42% worried about organizations saving their biometric data, and fewer than 1 in 10 people considered the technology to be free of risk. Also, 42% expressed concerns that malfunctions would leave them unable to access their accounts.

Different Priorities

During a Little League game, one of the batters hit a fly ball to right field that the right fielder made no attempt to catch. After the inning was over, the coach pulled his right fielder aside and asked him why he didn't even try to catch the ball.

If I had caught that ball, replied the boy, I would have killed my new friend. And with that, he opened up his glove to show the coach a caterpillar he had found in the field.

Remember this story to remind yourself that everyone's priorities are different.

Test your bird knowledge!

Bird Brains

- 1) Which of these birds is often described as a thief?
 - a) Crow
 - b) Magpie
 - c) Blue Jay
 - d) Seagull
- 2) What bird's eyes are larger than its brain?

Cary Services is the proud recipient of the Better Business Bureau Torch Award (2005) for Marketplace Ethics

Celebrating Hometown Heroes

The Northeast Tarrant Chamber of Commerce recently held its annual "Hometown Heroes" event at the Hurst Conference Center in Hurst, Texas. This was the 14th year for this event, where The Chamber has honored more than 400 local citizens who have tirelessly contributed their time, efforts and talents to making Northeast Tarrant County a better place to live and work. Cary Services was pleased to be an exhibitor at this year's event. Cary Services' DFW General Manager Frankie Moeller mans the table (top, left).

We're doing our part. This newsletter is printed on environmentally-friendly paper—50% recycled, using 25% post-consumer waste, and is composed of a mixture of fibers from certified forests, post-consumer recycling processes and fibers from other controlled sources.
